Reporting to the community

Schools report to communities in range of ways, including through:

- Annual School Board Reports
- a (5-year) School Improvement Plan (formerly School Strategic Plan)
- annual Impact Reports
- newsletters
- other sources such as My School.

School Context

Florey Primary School is situated in Belconnen in the north of the Australian Capital Territory. Our school includes a preschool campus and a primary campus.

The Florey community is made up of a diverse range of nationalities and backgrounds. The multicultural nature of the school provides opportunities for interaction between students from over 28 different countries.

At Florey we value cultural diversity and develop differentiated teaching and learning programs which enable all students to feel successful and supported in an inclusive environment.

As a community we promote values of **respect, tolerance and inclusion and excellence**.

Student attendance is measured over two school terms; that is from the first day of the school year for students in term 1 to the last day of term 2.

*NOTE: Student attendance data for this period should be understood within the context of flexible learning arrangements enacted in response to COVID19. Comparison of attendance figures to previous reporting periods is not valid.

Table: Attendance rates in percentages

Supporting attendance and managing non-attendance

ACT public schools support parents and careers to meet their legal responsibilities in relation to the compulsory education requirements of the *Education Act 2004*. The Education Directorate's *Education Participation (Enrolment and Attendance) Policy* describes its position with regard to supporting attendance and managing non-attendance. A suite of procedures supports the implementation of the policy. Please refer to <https://www.education.act.gov.au/> for further details.

Staff Information

Teacher qualifications

All teachers at this school meet the professional requirements for teaching in an ACT public school. The ACT Teacher Quality Institute (TQI) specifies two main types of provision for teachers at different stages of their career, these are detailed below.

- **Full registration** is for teachers with experience working in a registered school in Australia or New Zealand who have been assessed as meeting the Proficient level of the Australian Professional Standards for Teachers.
- **Provisional registration** is for newly qualified teachers or teachers who do not have recent experience teaching in a school in Australia and New Zealand. Many teachers moving to Australia from another country apply for Provisional registration.

Workforce composition

Workforce composition for the current reporting period is provided in the following table. The data is taken from the school's verified August staffing report. For reporting purposes, it incorporates all school staff including preschools, staff absent for a period of less than four consecutive weeks and staff replacing staff absent for more than four consecutive weeks. It does not include casuals and staff absent for a period of four consecutive weeks or longer.

The Education Directorate is required to report Aboriginal and Torres Strait Islander staff figures. As of June of the reporting period, 135 Aboriginal and/or Torres Strait Islander staff members were employed across the Directorate.

School Review and Development

The ACT Education Directorate's Strategic Plan 2018-2021 provides the framework and strategic direction for School Improvement Plans (formerly School Strategic Plans). This is supported by the school performance and accountability framework '*People, Practice and Performance: School Improvement in Canberra Public Schools, A Framework for Performance and Accountability*'. Annually, system and school level data are used alongside the National School Improvement Tool to support targeted school improvement, high standards in student learning, innovation and best practice in ACT public schools.

Our school was reviewed in 2020. A copy of the Report of Review can be found on our school website.

School Satisfaction

Schools use a range of evidence to gain an understanding of the satisfaction levels of their parents and carers, staff and students. Annually in August/ September ACT schools undertake a survey to gain an understanding of school satisfaction at that time. This information is collected from staff, parents and from 2020 students from year 4 and above (previously year 5 and above) through an online survey.

Overall Satisfaction

In this period of reporting, 83.0% of parents and carers, 71.1% of staff, and 68.0% of students at this school indicated they were satisfied with the education provided by the school.

Included in the survey were 8 staff, 9 parent, and 10 student items which are described as the national opinion items. These items were approved by the then Standing Council on School Education and Early Childhood (SCSEEC) for use from 2015. The following tables show the percentage of parents and carers, students and staff who agreed with each of the national opinion items at this school.

Due to the impacts of the COVID-19 pandemic, the survey was taken in November, rather than in August as has been done in previous years. This was just after the majority of students and staff returned to school-based learning after a period of around 3 months of remote learning. A number of questions were removed from previous years' to shorten the time required by community members to complete the survey.

A total of 38 staff responded to the survey. Please note that not all responders answered every question.

NAPLAN

Students in years 3, 5, 7 and 9 in all ACT schools participate in the National Assessment Program-Literacy and Numeracy (NAPLAN). This program assesses skills in reading, writing, spelling, grammar and punctuation, and numeracy.

In this reporting period, 3.92 % of year 3 students and 0.00 % of year 5 students were exempt from testing based on nationally agreed criteria.

For reasons of statistical reliability, as well as to protect the privacy of students, results are not reported when the sample size is less than five.

The following table shows the mean scores achieved by students at this school compared to all other ACT public schools for this reporting period.
