Reporting to the community

Schools report to communities in range of ways, including through:

- Annual School Board Reports
- a (5-year) School Improvement Plan (formerly School Strategic Plan)
- annual Impact Reports
- newsletters
- other sources such as My School.

Summary of School Board activity

The Miles Franklin Primary School Board met eight times during 2022 as school life progressively returned to more normal routines post COVID-19.

During 2022 the Board continued to pay close attention to the oversight of school expenditure, with the intention to hold funds in reserve and planning for capital improvements to the buildings, grounds and learning environments. This past practice supported a major focus of the Board during 2022, to collaborate with the P&C to make joint representations to the ACT Education Directorate to continue to deliver on the infrastructure needs of our great school resulting in the installation of a replacement playground. In addition, the Board worked closely with the School and the Directorate revisiting the potential school fence proposal and supporting community consultation to a positive outcome with the fence to be progressed in 2023.

The Board continues to work positively and collaboratively with the school pedagogical leadership team, staff and the parent and carer community to assist in various facets of school life at MFPS. It has been a pleasure to work with Chris Jones as Principal, Georgina Sofatzis as Deputy Principal and the entire staff to establish the 2022-2026 School Improvement Plan and reviewing our school policy and procedure documents.

I would like to acknowledge the efforts of our parent and staff representatives David Whitelaw and Kathryn Morris and provide thanks to departing representatives Selvi Vikan and Denise Thompson whose service to the school board and the sense of community has been greatly appreciated. In 2022 the Board also welcomed our first appointed community member for the first time in 6-8 years which is exciting, welcome Brad Donda. A particular mention must be made to the schools Business Manager Larissa Davis, whose meticulous work was of great assistance to ensuring the Board's governance, functioning and financial management.

The Board looks forward to building on our successes from 2022 and continuing to work with its dynamic school community, school executive and the Directorate to provide a stimulating, safe and successful educational environment for our students.

School Context

Miles Franklin Primary School is situated in the Canberra suburb of Evatt in North Belconnen and was established as a learning community in 1980. The local community named the school after Stella Miles Franklin, who is noted for her work 'My Brilliant Career'. The current community upholds the tradition of Miles Franklin with the annual whole school celebration of the author's birthday and a Kindergarten to Year Six Brilliant Writers competition.

We have a diverse and inclusive community who are united under the umbrella of our motto: Achieving educational excellence in a caring environment. Our 2021 School Review Report highlighted that 'teachers, students, and parents alike describe the pride they have in their school.' The Report further states that 'respectful and caring relationships are apparent right across the community' and 'the high level of trust and collaboration between the school Board, P&C and staff of the school has resulted in carefully planned and consistently refined services to families that supports the learning and wellbeing of their children.'

We became an IB World School delivering the PYP in 2015. The International Baccalaureate (IB) Primary Years Programme (PYP) is very appealing to many of our families who have worked overseas or intend to in the future and for the high levels of inquiry learning we develop with our children, preparing for the unknowns of the future. The continued implementation of the PYP has brought great benefits to the entire school community. The journey has helped us improve all aspects of the teaching and learning cycle. Our teaching teams plan collaboratively with members of the Executive, aligning the Australian Curriculum to the six IB PYP transdisciplinary themes and going deeper into the big conceptual ideas of the curriculum. We have a culture of collaboration; our classrooms are open to other teachers in the school, we share and showcase our work to other IB schools and welcome the collaborative opportunities they provide. This holistic model of sharing practice helps grow the pedagogical skills of our teachers and builds a community where ideas are freely shared which brings benefits to our students. We focus on formative assessment which helps the children understand what they need to do next to succeed. In 2019 we had our first review visit from the IB since becoming a World School. We received incredibly positive feedback and were acknowledged for the professionalism and commitment to the PYP and how embedded it was throughout the school. Our 2021 School Review Report stated: 'Over many years the school's commitment to the IB framework has resulted in a comprehensive whole school curriculum plan...which delivers contemporary and authentic learning. School leaders promote a strong culture of inquiry learning through the PYP, with high levels of student agency, independent learning, and innovation.' We are incredibly proud of this journey and of the success we have achieved in preparing our children for high school and beyond.

The strength of our school lies in the close partnership between children, staff, parents and the wider community, with our P&C running our canteen, uniform shop, music tutoring scheme and out of school hours care program. Children in our school are offered a balanced learning program that supports and nurtures the development of their academic, personal and social well-being. Our pastoral care promotes understanding of the need for individuals to care for, support and value each other within a safe environment. The partnerships we develop with our P&C, parents and wider community are vital to enable the school to achieve this for the children. The 2021 School Review Report highlighted that *'the school recognises the important roles that parents/caregivers play in*

developing positive attitudes to learning and places a high priority on encouraging parents to be partners in student learning. There are multiple opportunities for parents to connect formally and informally.'

Student Information

Student enrolment

In this reporting period there were a total of 485 students enrolled at this school.

Table: Student enrolment

Student type	Number of students
Gender - Male	266
Gender - Female	219
Aboriginal and Torres Strait Islander	11

Student attendance

The following table identifies the attendance rate of students by year level during this reporting period. Student attendance rate is the percentage of school days attended by students in each year level at the school. Student attendance is measured over two school terms; that is from the first day of the school year for students in term 1 to the last day of term 2.

Table: Attendance rates in percentages

^{**} If the number of non-binary students is less than six, or if gender is unknown, these are randomly assigned 'Male' or 'Female' and included in the counts.

Supporting attendance and managing non-attendance

ACT public schools support parents and careers to meet their legal responsibilities in relation to the compulsory education requirements of the *Education Act 2004*. The Education Directorate's *Education Participation (Enrolment and Attendance) Policy* describes its position with regard to supporting attendance and managing non-attendance. A suite of procedures supports the implementation of the policy. Please refer to https://www.education.act.gov.au/ for further details.

Staff Information

Teacher qualifications

All teachers at this school meet the professional requirements for teaching in an ACT public school. The ACT Teacher Quality Institute (TQI) specifies two main types of provision for teachers at different stages of their career, these are detailed below.

- Full registration is for teachers with experience working in a registered school in Australia or New Zealand who have been assessed as meeting the Proficient level of the Australian Professional Standards for Teachers.
- Provisional registration is for newly qualified teachers or teachers who do not have recent experience teaching in a school in Australia and New Zealand. Many teachers moving to Australia from another country apply for Provisional registration.

Workforce composition

Workforce composition for the current reporting period is provided in the following table. The data is taken from the school's verified August staffing report. For reporting purposes, it incorporates all school staff including preschools, staff absent for a period of less than four consecutive weeks and staff replacing staff absent for more than four consecutive weeks. It does not include casuals and staff absent for a period of four consecutive weeks or longer.

The Education Directorate is required to report Aboriginal and Torres Strait Islander staff figures. As of June of the reporting period, 153 Aboriginal and/or Torres Strait Islander staff members were employed across the Directorate.

School Review and Development

The ACT Education Directorate's Strategic Plan 2022-2025 provides the framework and strategic direction for School Improvement Plans (formerly School Strategic Plans). This is supported by the school performance and accountability framework 'People, Practice and Performance: School Improvement in Canberra Public Schools, A Framework for Performance and Accountability'. Annually, system and school level data are used alongside the National School Improvement Tool to support targeted school improvement, high standards in student learning, innovation and best practice in ACT public schools.

Our school was reviewed in 2021. A copy of the Report of Review can be found on our school website.

School Satisfaction

Schools use a range of evidence to gain an understanding of the satisfaction levels of their parents and carers, staff, and students. Annually in August/ September ACT schools undertake a survey to gain an understanding of school satisfaction at that time. This information is collected from staff, parents and from 2020 students from year 4 and above (previously year 5 and above) through an online survey.

Overall Satisfaction

In this period of reporting, 84.1% of parents and carers, 97.4% of staff, and 70.5% of students at this school indicated they were satisfied with the education provided by the school.

Included in the survey were 16 staff, 14 parent, and 12 student items which are described as the national opinion items. These items were approved by the then Standing Council on School Education and Early Childhood (SCSEEC) for use from 2015. The following tables show the percentage of parents and carers, students and staff who agreed with each of the national opinion items at this school.

A total of 38 staff responded to the survey. Please note that not all responders answered every question.

Learning and Assessment

Performance in Literacy and Numeracy

Early years assessment

Students in kindergarten undertake an on-entry and on-exit assessment of their early reading and numeracy skills using the BASE program. Student results are reported against five performance bands at the end of semester 1 and 2. Below are the results for this school for the current reporting period.

Table: Miles Franklin Primary School BASE 2022 mean raw scores

Agency	Reading start	Reading end	Numeracy start	Numeracy end
School	61	127	38	54
ACT	65	122	40	55

NAPLAN

Students in years 3, 5, 7 and 9 in all ACT schools participate in the National Assessment Program-Literacy and Numeracy (NAPLAN). This program assesses skills in reading, writing, spelling, grammar and punctuation, and numeracy.

In this reporting period, 2.86 % of year 3 students and 1.39 % of year 5 students were exempt from testing based on nationally agreed criteria.

For reasons of statistical reliability, as well as to protect the privacy of students, results are not reported when the sample size is less than five.

The following table shows the mean scores achieved by students at this school compared to all other ACT public schools for this reporting period.

Table: NAPLAN Mean Scores

Test Domain	Year 3 School	Year 3 ACT	Year 5 School	Year 5 ACT
Reading	429	450	528	522
