Mission

The students are at the centre of all planning in the school. By ensuring that all teachers have the opportunity to build their capacity to be the best they can possibly be, then every student will be taught by excellent teachers. Students are supported by teachers to do their best. Teachers have high expectations of every child with the knowledge that all children can progress in their learning.

Students are guided in line with the requirements of the Binational Agreement, kindergarten to year 10, and the International Baccalaureate's Middle Years Programme, year 7 to year 10.

The school delivers excellence in bilingual learning in a multicultural setting where all students study a foreign language.

School Values: Respect; Cooperation; Fairness; Honesty

The values are for all members of the school community – students, teachers and parents/carers.

Beliefs:

We believe that all students can progress in their learning to become successful, confident and creative individuals and active and informed citizens in a globalised world.
